

## SEEKING SLEEP HEALTH PROFESSIONALS FOR A RESEARCH STUDY!

Researchers at Swinburne University's Centre for Mental Health are looking for sleep health professionals to participate in a Delphi study investigating the impact of **Narcolepsy and Idiopathic Hypersomnia on Health-Related Quality of Life**.

### Who are we looking for?

- ✓ Health professionals with clinical or academic experience in working with people with Narcolepsy or Idiopathic Hypersomnia.
- ✓ Must be fluent in English

### What will you need to do?

- ✓ Read all consent and study information,
- ✓ Be available for a Delphi method study (Round 1: 15-20 minutes; Round 2: 8-10 minutes; and Round 3: 5-8 minutes, all delivered online)

For more information or to express interest in participating, contact the researchers Carlos Rodriguez or Dr Ben Bullock by email [crodriguezjimenez@swin.edu.au](mailto:crodriguezjimenez@swin.edu.au).

Or use your smartphone to hover over the QR code to enter your contact details and we will contact you.

*This study has been approved by Swinburne's Human Research Ethics Committee (SUHREC) in line with the National Statement on Ethical Conduct in Human Research (SUHREC: Project No. 20225852-9891)*
